

Job Description: Perennial Gardener

General Overview:

To provide comprehensive perennial garden maintenance services at multiple residential properties throughout Boulder County.

Specific Duties:

Many of the duties listed below are performed regularly throughout the seasons; others are only performed when needed.

- General plant care & maintenance (deadheading, deadleafing, staking, pruning)
- Planting (new plants, transplants, divisions)
- Disease & pest diagnosis and management
- Hardscape maintenance (edging, raking, sweeping, mulching)
- Organic fertilizer application
- Weed management
- Watering
- Basic irrigation inspection/maintenance
- Spring and Fall clean up
- Pond care & maintenance
- Assorted garden maintenance related tasks as assigned
- Miscellaneous administrative duties

Minimum Requirements:

- General knowledge of gardening and plant care. Employees will receive training on proper techniques for performing the specific duties of the job.
- Ability to lift up to 50 lbs and to perform manual physical labor on a daily basis which may include bending, squatting, kneeling and/or standing for up to eight hours at a time. Job requires repetitive use of your hands and fingers to grasp, pull, squeeze and manipulate hand tools.
- Ability to work outside in a wide range of weather conditions.
- Valid driver's license with clean MVR
- Willingness to drive personal vehicle to/from job sites. Employees will be reimbursed for mileage at the federal rate.
